Service Availability and Pricing;
Service availability is dependent on geographic location.

Depending on your area, you may have NBN Delivered using fibre...
optics, fibre to the node, fibre to the building or your area may use fixed wireless technology.

NBN access technology is determined by the NBN Co roll out strategy. To determine the access technology at your location please refer to our website at www.bendigobanktelco.com.au for further information.

NBN Speeds:
Bendigo Bank Telco offers NBN plans delivered to the customer site via the fibre to the node/building service. The actual speed of your service will vary according to the length and quality of the copper line between your premise and where it joins the fibre optic cable, network utilisation and the number of end users accessing the network at any one time, the end user’s hardware or software and the web sites the end user is visiting.

Installation;
There are no installation charges for new or existing customers where a copper line is already connected to the premise.

An installation charge of $300 applies to customers connecting a Fibre to the Node/Building service where there is no active phone service connected to the premise.

Installation charges will only apply if a technician is required to attend the site and complete connection into the premises. For details on costs speak to a customer service representative.

OTHER INFORMATION
Usage Information:
We recommend that you use our MyServiceCentre application to track your usage. It is available on our website: www.bendigobanktelco.com.au.

Pro-rata billing:
If you connect to this plan partway through a month then your monthly access fee and any allowances will be calculated based on the number of days remaining in that month, it’s called pro-rata billing

IMPORTANT INFORMATION REGARDING YOUR FIRST INVOICE
Monthly access fees are invoiced in advance. When you first start a plan or transfer services to us, your monthly invoice will generally be higher than normal. This is because it includes a portion of your monthly access fee for the current month as well as the subsequent month in advance.
