THINGS TO KNOW

Application Criteria	All customers must pass our credit assessment to be eligible for these offers.
Service Availability	Service availability is dependent on geographic location. NBN Services are delivered over either Fibre or Fixed Wireless connections.
Minimum Term	All plans are available on a 24 month contract.
What's Included	Plans include a \$0 connection and a \$0 upfront modem. The modem included within your plan is as specified on your application form and must be obtained from Bendigo Telco at the time of sign-up or it is forfeited. Orders are subject to stock availability.
Data Limits & Usage Monitoring	<ul style="list-style-type: none"> Your pricing plan sets out the amount of included data that you can download in a billing month. Data usage will be counted in kilobytes, where 1000KB = 1MB If your monthly download data exceeds your included monthly download limit your speed will be reduced to 1Mb/s for the duration of the current billing period. If you want to track your usage, use our SmartCentre application available at www.bendigotelco.com.au. Once you have a Smart Centre account; you'll automatically receive email or SMS alerts when you reach 50%, 85% and 100%.
Relocation Fees	If you need to relocate your service throughout the term of the contract, a \$50 relocation fee will be charged.
Early Termination Fee	If you disconnect your service from within the 24 month contract you must pay a \$120 disconnection fee.
NBN Speeds	Your selected speed is the theoretical maximum speed of your service. Actual speeds may be less due to a number of factors including network configuration, customer premises equipment and network traffic.
More Information	For full terms and conditions please refer to our Standard Form of Agreement and Acceptable Use Policy, copies of which are available on our website: www.bendigotelco.com.au . You must adhere to these terms when using this service.
Professional Onsite Installation	Bendigo Telco offers a Professional Home Installation service with its NBN Products. If purchased, a Bendigo Telco representative will come to your premises and connect your Bendigo Telco supplied router to the NBN Network Termination Device (NTD). Bendigo Telco will not connect the router to your PC or other internet enabled devices. It is your responsibility to ensure a power point is available to plug the router into. The Professional Onsite Installation will be charged at \$150 and this fee will appear on your first invoice.
Onsite Wireless Networking Configuration	<p>Bendigo Telco offers a Home Wireless Networking Configuration service with its NBN Products. If purchased, a Bendigo Telco representative will come to your premises and connect your Bendigo Telco supplied router to the NBN Network Termination Device (NTD). Bendigo Telco will also configure up to 10 Wi-Fi devices to connect to the Bendigo Telco Wi-Fi Router. Depending on the size, layout and building materials of your house, Wi-Fi may not be accessible in all areas of your house.</p> <p>It is your responsibility to ensure a power point is available to plug the router into.</p> <p>The Onsite Wireless Networking Configuration will be charged at \$250 and this fee will appear on your first invoice.</p>

This price list is effective 01 October 2012. All prices include GST.
